

## SUN BEAMS

By WALTER M. BARRETT

Chamber of Commerce members and officers are attempting to work out some attractive plan to interest the thousands of tourists who are expected to pass through Truckee this year en route to and from the fair in San Francisco. While these plans, no doubt, should have been made weeks or months ago, it is better to be late than never and the chamber may be congratulated for its intent. Just what course the plans will pursue is still unknown, but at any rate it may be hoped they will serve to attract visitors to California to one of the state's most historic and picturesque areas and send them on their way with pleasant memories of time well spent in the great recreational areas of Truckee and Lake Tahoe.

Truckee this week acquired a new family in Mr. and Mrs. C. Alex Clements and their three children. According to all reports from their former home, Truckee is indeed fortunate in numbering the Clements among its residents and to join the community in welcoming them. From Tulelake comes the report that Mr. Clements is a community booster and with this proving the case, he is doubly welcome. We can always use more boosters and have too few.

The Lions Club, according to an unnamed source, has "stuck out its chin" in the incorporation discussions here. It probably will do no good to reiterate that the club nor its members, either singly or collectively, are not trying to incorporate the town of Truckee. They are simply making an effort to bring to a head a controversy which has been brewing for years. If facts unearthed by the committee prove beyond a reasonable doubt and to a mortal certainty that incorporation is needed for the benefit of the community they will, no doubt, as individuals, but not as a club, favor the move. They probably will oppose such a move vigorously, still as individuals if facts tend to show otherwise. The committee probably feels that these facts, be they for or against, presented in an unbiased manner will at last bring to a conclusion the many and varied arguments which are leading only to further arguments. We endeavored to make this clear in the original report of the club's action but evidently fell short in our description. It seems only reasonable that men would not willfully do something detrimental to their best interests.

### NEW ARRIVAL FETED AT RECEPTION BY TRUCKEE WOMEN

This afternoon a musicale was held at the home of Mrs. George Kamp and a reception at the home of Mrs. H. O. Anderson for Mrs. G. J. E. Keetch, recent arrival from Yuba City.

Members of the Methodist Ladies Aid Society were hostesses of the affair and with other guests welcomed the newcomer who is the wife of Rev. Keetch, minister of the local Community Church.

### ACTIVITIES PROGRAM DISCUSSED AT MEET

A general discussion of a program of activities to attract tourists to Truckee during 1939 when the fair will be in progress in San Francisco, featured the meeting of the chamber of commerce this week. W. M. Englehart, Sr., was appointed to inquire concerning the possibility of securing the old Native Sons hall as a center for displaying local historic relics.

### FIFTEEN FORESTERS ATTEND SKI CLASS AT NEVADA CITY

NEVADA CITY, Jan. 19.—The Tahoe national Forest Ski School opened on schedule last Monday according to reports from Forest Supervisor DeWitt Nelson. Fifteen members of the Tahoe personnel were in attendance and a number of officers from other Northern California forests. They included Arnold Weber of Placerville, former president of the California Ski Association. L. S. Smith, in charge of recreational activities of the Tahoe forest, is dean of the school. While a greater depth of snow was hoped for, sufficient pack remained at Cisco to adequately serve for training purposes. Unless there is heavy snow fall soon it will be necessary to cancel the snow survey trip to Hwyasink Lake.

## Bodies Of Auto Tragedy Shipped To Nevada Home

### Search for Missing Couple Is Ended In Gruesome Discovery

#### TRUCK OVER PRECIPICE

### Trip To Football Game Ends In Tragedy For Young Nevada Couple

The bodies of John Stevens, 32, Dyke, Nevada, mining man and his wife, Dorothy, 29, Dyke school teacher, found mangled to death near their wrecked truck near Donner Summit Friday, were shipped to Exeter yesterday by the W. H. Laity Funeral Home and double funeral rites will be conducted there tomorrow.

Search for the Stevens ended last Friday when State Patrolman A. C. Barrick sighted the wrecked car and mangled bodies at the foot of a 125 foot precipice just east of the Donner Bridge.

The couple were returning from San Francisco where they attended the East West football game when the accident took place.

California highway patrol officers were enlisted in the search Friday by Sheriff Erling Prout of Winnemucca. The discovery of the car and subsequent finding of the bodies under the snow was made by Officer Barrick who stopped and looked over the grade. The car was half buried and was not visible from the highway. A highway maintenance crew from the summit aided in the search. Mrs. Stevens body was found 15 feet from the car and her husband's about 40 feet away. They had evidently died instantly.

Barrick said there was no snow under the bodies indicating the mishap occurred either before or more likely during the heavy snow January 3.

Deputy Coroner W. H. Laity was called to take charge of the bodies and Coroner A. M. Holmes conducted the inquest. A. L. Wood of Exeter father of Mrs. Stevens made the arrangements for disposition of the bodies.

### PUBLIC IS INVITED TO PARTY TUESDAY AT MEEK'S BAY

Next Tuesday, January 24, the H. and W. Philanthropic Club of Meeks Bay will give a card party at the restaurant at Meeks Bay Resort according to Mrs. A. M. Henry of Tahoe City.

The meeting night for the club has been changed from Thursday to Tuesday as a matter of convenience.

Residents of Truckee and Tahoe are all invited to attend the affair next week and every effort is being expended to make the evening an enjoyable one for all.

### TAHOE SKIER WILL ENTER FAIR MEET ON FEBRUARY 18TH

SAN FRANCISCO, Jan. 19.—The Sports Committee of the Golden Gate International Exposition has announced that ski jumping by foreign and domestic stars will open the Fair on February 18th.

The event has been sanctioned by the International Ski Federation and will be conducted on a runway from a 184 foot tower to a landing of finely crushed ice. Jumps of 165 feet will be possible.

Sig Ulland, Lake Tahoe star, has been listed as foreign competitor representing his native Norway. His brother, Olaf, and Reidar Anderson will make up the balance of the Norwegian team. Sven Erikson is to represent Sweden with entrants from France and Canada yet to be chosen.

On the team of nine Americans Roy Mikkelsen of Tahoe and Alf Engen of Sun Valley are locally known.

### SHOP IN TRUCKEE

## Ice Bowl Reported In Best Condition; Parties Are Planned

### Several Groups Scheduled To Visit Snow Grounds In Truckee

Local and visiting skaters report the Truckee Ice Bowl, operated this season by Stan Gregory and Earl Edmunds, under the auspices of the Truckee Outing Club, to be in the best condition it has ever been. Favored with ideal weather for producing smooth, hard ice, and as a result of hard consistent work, the managers have created a winter sports asset unexcelled.

Large crowds occupy the rink on each weekend and even on week days, the managers report even better than average attendance.

Gregory and Edmunds also will have charge of the other winter sports facilities and equipment here this winter and are looking forward to large crowds from the bay and valley points during February. Several large excursions are already planned and more are anticipated.

## Committee Explains Incorporation Plan To Quiet Rumor Here

### Group Established Only To Seek, Present Facts On Proposal

To correct the false impression that seems to have gained headway without basis for its inception, the committee from the Truckee Lions Club which was to function for the purpose of gaining and presenting to the public here, information concerning the possible incorporation of the town has issued the following statement:

"This committee is operating only as an investigation body and is not empowered to call an election or even sponsor one for incorporating Truckee. As explained in the resolution passed at a recent meeting of the club, the committee has been empowered only to circulate a petition to determine the desire of the people concerned toward the question involved.

"We have been authorized to assemble figures and facts which, it is hoped, will throw a light on many questions pertaining to incorporation now either misunderstood or completely foreign to many local voters and taxpayers. This we hope to do without bias. If these facts and figures show that Truckee will be benefited, we want it definitely known. On the other hand, if they show a disadvantage to the people and businesses of Truckee, we surely want it aired thoroughly.

"This committee is open for suggestions. We invite your opinions and questions. All questions will be answered from facts and not through a desire to create sympathy for or against the proposal. Like other issues of any nature, there must be questions that tend to pave the way for an answer. It is not the wish of the committee to take either side but to function as a source of information. It was for this purpose, and no other that we have associated ourselves in the task."

## TRUCKEE NAMES ON GRAND JURY VENIRE FOR COMING YEAR

The 1939 Grand Jury, the first to be drawn by Judge George L. Jones since reassuming his post as superior judge after a 13-year absence, has been drawn. The 60 names drawn constitute the panel and from these 30 will be drawn later in the year from which 19 will be selected to serve as the Grand Jury.

From Meadow Lake Township the following potential jurors were chosen:

Edith I. Fay, Harold Laity, Ben Tonini, John Wolert and Estelle H. Englehart.

Harold Henris, 32, and Donna D. Ralston, 28, both of Truckee, were issued a marriage license in Reno this week.

## New Bank Official

C. ALEX CLEMENTS

## New Bank Officer Arrives Here To Study Conditions

### C. E. Clements Was Active In Civic Affairs At Tulelake

C. Alex Clements, former manager of the Bank of America's Tulelake branch in Siskiyou County, has joined the staff of the Truckee branch as assistant cashier, in anticipation of succeeding C. B. White, who will retire as manager in June.

Clements was accompanied to Truckee by Mrs. Clements and their children, Alex, Jr., 14; Marabel, 12 and Jerrald, 8. The family are making their home in the Bernard apartments.

The new bank official has been active in civic work in Tulelake and was president of the chamber of commerce there until 1938 when he refused the nomination for reelection. He has also been active in veteran activities and was one of the leading boosters of his town. The Tulelake Reporter says of Mr. Clements:

"Always a booster for the growth of Tulelake and its industries, Clements is the type of man any community can ill afford to lose."

After railroading in Canada, Mr. Clements became chief clerk of the McCloud River Lumber Company in 1922, joining the staff of the McCloud National Bank in 1925. Following the acquisition of that bank by the Bank of America, he was made assistant manager and moved to the Tulelake branch as manager in 1938.

Clements will remain in the capacity of assistant cashier while he thoroughly acquaints himself with the local banking situation and when Mr. White retires in June it is proposed that Clements take over the duties as manager.

## ALICE GORDON WINS HIGH HONORS IN STATE ESSAY CONTEST

Surpassing keen competition of entrants from larger Nevada County high schools, Alice Gordon, Truckee, Meadow Lake Union High School student, on the essay contest sponsored by the Women's Board of the Golden Gate International Exposition and concerned with the general topic, "The Contribution of the Countries of the Pacific Area to Contemporary Civilization." The prize for Nevada county was won by Miss Gordon's essay, "Contribution of Aztecs to Civilization." The award is a scrip book of twelve admissions to the Exposition, good for any time during the ten months period and which may be shared with the winner's family or friends.

Winning the county prize automatically enters Miss Gordon's essay for competition with other successful county contestants, for a single cash prize offered the state winner. The state winner will be announced on February 1st, 1939.

Miss Gordon is the daughter of Mr. and Mrs. Scott Gordon of Truckee.

Carl Smith of Smith Acres was a business visitor in Sacramento on Sunday.

## Odd Fellows Plan Snow Excursion To Truckee Feb. 3-5

### Program Being Arranged For Entertainment Of Visitors

Still another snowball excursion train is scheduled for Truckee during February, it was learned from circulars announcing plans for the Odd Fellows Annual Snowball Outing received here this week.

The affair is planned for February 3, 4, and 5 and will be for the lodge members, their families and friends. The special train will arrive here at 7 a. m. Saturday, Feb. 4 and after a day in Truckee will go on to Reno, returning here the following morning at 8 o'clock for another day in the snow.

The train or trains will stop at principal bay and valley cities to take on passengers.

The committee in charge is arranging the program for Truckee which they hope will include an abundance of snow sport activities.

The Odd Fellows lodge here is to hold open house for the visitors F. S. Powell, district deputy, said.

## LOOT STOLEN FROM TRUCKEE MAN IS FOUND IN CAPITAL

As a result of the prompt action of Deputy Sheriff A. J. Anderhalden loot stolen from the rooms of Cecil Selburn here on New Year's Day has been recovered, according to a letter from Chief of Police A. K. McAllister of Sacramento to Anderhalden. The loot contained a .45 calibre pistol and was recovered in a second hand store in the capital city. Charges may be preferred against the dealer, a letter from Selburn thanking Anderhalden for his work, said. Selburn reported the theft to Anderhalden when he returned to his rooms January 1.

## IMPROVEMENTS AT CARNELIAN BAY ARE BEING MADE

CARNELIAN BAY, Jan. 19.—Continued improvements are being made at Carnelian Bay during the winter months.

The new grocery store and meat market being built in connection with the Post Office here by C. W. Peterson is one of the smartest stores of its kind and size on the lake. The ice cream and soft drink department is the latest thing in a dispensary.

The old Carnelian Bay Hotel which has been closed for several years, has been sold to C. E. Clay of Carnelian Bay by Stuart C. Gibbons of Stockton. Clay is reconditioning the buildings and will open the resort as a boarding house with cottages in connection.

The old hotel contained the original Carnelian Bay Post Office over thirty years ago and was, for years, the only store in the district and the meeting place where all the people gathered to visit and wait for the mail boat. The older residents will be glad to see the place open and occupied again.

## TAHOE PREPARING PRESIDENT'S BALL FOR JANUARY 28TH

Tahoe City will have a President's Birthday Ball on Saturday, January 28 at the Community Center hall to aid in raising funds for the fight against infantile paralysis. The fund derived from the ball will be sent to the Warm Springs Foundation to be distributed in the nation for research and cure of the dreaded disease.

Carl Bechdolt, Sr., is chairman of the affair and is being aided in the arrangements by members of the Tahoe Ski Club.

## ENGLEBRIGHT AGAIN REPUBLICAN WHIP AT WASHINGTON

Rep. Harry L. Englebright of Nevada City has been appointed whip for the minority Republicans in the national House of Representatives, reports from Washington indicate. This marks his fourth consecutive appointment to the important post.

## 11 Excursions To Be Routed Here During February

### Southern Pacific Man Here To Enlist Cooperation Of Truckee

#### ESTIMATE 2000 PEOPLE

### First Train To Arrive This Month For Local Outing

T. Bergerson, district freight and passenger agent for the Southern Pacific Company, was here Wednesday seeking the cooperation of the chamber of commerce and other local groups for entertaining approximately 2,000 winter sports enthusiasts expected here on at least 11 excursion trains during the next month.

The railroad official declared to a committee from the chamber that he was more than anxious to have the trains routed to Truckee although several other winter sports centers had put in bids for the business. He asked for particulars on facilities and equipment available here for the purpose of informing the general office at San Francisco.

Earl Edmunds and Stan Gregory, managers of the winter sports here this season, attended the meeting and explained their proposed program and outlined facilities now available which include the huge icebowl that they hope to keep opened for the pleasure of guests. They also have 70 pair of rental skis, 30 pairs of skates, toboggans and other equipment. The two men have been to the bay area and have contacted several of the excursion committee and given them this information. While the report was not as satisfactory as had been desired by the railroad, it may meet the requirements, Bergerson said.

The first snowball excursion will arrive January 28, Bergerson said, and will be followed by the following arranged trains: February 11 and 12, Shriners, two or three trains; Alameda Recreational Party, one train; American Trust Company, one train; Oakland Tribune, on train; California and Nevada Historical Society, one train and the South of Market Club, one train.

On February 3 and 4, the Young Men's Institute will have a train here and the Odd Fellows may have two trains.

The Ahmes Shrine of Oakland is scheduled for February 18 and on February 25 the Pacific Service Association of the P. G. & E. will have a train here.

These groups, Bergerson said, undoubtedly will be supplemented by others, much depending upon the weather conditions.

## SEAWELL INTRODUCES ELECTION TIE BILL TO AVOID MIXUPS

Following the confusion caused by the apparent tie vote for county superintendent of schools in Placer county in the last election, Senator Jerrold Seawell of this district this week introduced a bill into the upper house that would require that in case of a tie vote the election will be decided by lot.

The first count of votes in the election showed Mrs. Portia Moss, incumbent, tied with Elwyn Gregory with 5,439 votes each. A recount determined Gregory the winner by a margin of 15 votes.

## TONINI PROVIDES BIG SEA FOOD DINNER FOR LOCAL LIONS

Ben Tonini, president of the local Lions Club, last night provided a rare treat for the 25 members and guests in the form of an abalone dinner at the California restaurant. Mr. and Mrs. Tonini returned last week from San Luis Obispo and while in the southland Tonini took advantage of the excellent fishing and brought back enough abalone and clams to provide a feast for the Lions. It was voted one of the most excellent dinner ever served.

### IT WAS LIKE THIS, YOUR HONOR

It is smart to beat the government out of a few dollars, but it is smarter to pay up!

The only trouble seems to be that "smart" people don't know this, until they learn it the hard way, whereas the average citizen, who seldom gets due credit for his intelligence and honesty has known it all the time.

In fact, it somewhat shakes our faith in the cleverness of comedians like George Burns and Jack Benny to find them enmeshed in the toils of the law over the purchasing of smuggled goods. It just doesn't seem either the right, or the bright, thing to do!

Comedian Burns must have found that out the other day when, without a smile, he had to look the court square in the face and say, "Guilty, your honor!" This week Comedian Benny receives his embarrassing opportunity to say, "Well, Judge, it was like this..."

Uncle Sam is not a comedian, but this is one time he is draining the last laugh!

Advertising is no more essential to business than an engine in an airplane!

### BOYCOTTING FOR WAR

From America's Ambassadors to France and the Court of St. James comes the warning picture of foreign war beginning sometime in the summer of 1939!

In their testimony before a joint executive session of the House and Senate Military Affairs Committees, Mr. Bullitt and Mr. Kennedy give Europe only a few months before the deathly specter of War again strides across the continent, destroying people, homes and nations!

While there is yet time for reasoned action, America earnestly seeks to find the true road to peace that she could not discover in 1917. Before her lie several paths, bearing the legends, "This way to peace!" But as yet there is no agreement upon which of these is the safest route, and there is great need that the American people make their choice soon, and make it vigorously! Their representatives are stationed in Congress for the purpose of adopting that policy which wins the forthright approval of the majority!

Very soon Congress will hear proposals that America put economic sanctions into force against aggressor nations, but critics seriously doubt sanctions can be effective if we are not prepared to back it up with armed force—the immediate prelude to war. Sponsors of boycotts claim they act as effective checks on aggressor nations, but may they not also directly the stakes are war or peace, security or chaos, it is dangerous incite militaristic powers to take reprisals against us? When to gamble with probabilities!

As America embarks on a gigantic program of rearmament on land, sea and air, let us work to see that the might of our arms is used only for defense. In wars of today there are a great many losers—and no victors!

## Sports

EDITOR'S NOTE: The following appear in this column by arrangements with the National Automobile Club.

### CARRYING SKIS—

Motorists driving in the winter sports areas and having skis, should not fail to provide for safely carrying the equipment. Placing skis between the hood and fender may result in scratching the car, permits heat to reach the skis and impairs the driver's vision.

### WINTER SPORTS—

The winter sports season is now in full swing and all should enjoy it. However, it is well to play safely. Every year people are injured and killed because they try to ski, bobsled or skate without beginning safely and because of taking unnecessary chances. The wise thing is for each to learn how to play and not take foolish chances. An accident may spoil future plans for winter sports enjoyment.

### SKATERS SAFETY—

Skating on lakes and rivers at unrecognized locations, sometimes ends in a tragedy, when unmarked danger spots give way and drop skaters into the water. To help avoid such accidents, it is recommended that no one should skate alone and sure ice is thick enough to hold several persons before venturing to skate. This can be easily tested. In the vent someone falls through the ice, it is all important that he keep his head. Any attempt to pull oneself out of a hole, if the ice is thin, will be unsuccessful. Ice should be broken until it is thick

## At the Churches

### Christian Science

'Ascribe ye greatness unto our God. He is the Rock, his work is perfect: for all his ways are judgment: a God of truth and without iniquity, just and right is he.' These words from Deuteronomy comprise the Golden Text to be used Sunday, January 22, in all Churches of Christ, Scientist, branches of The Mother Church, the First Church of Christ, Scientist, in Boston, Massachusetts.

The subject of the Lesson-Sermon will be "TRUTH".

## Tahoe Ramblings

(By SWANEE)

Mr. and Mrs. Weller Atherton left Saturday for a visit in Fallon.

Mr. and Mrs. Bert Watson of Tahoe City enjoyed a motor trip to Modesto Saturday to visit friends.

Mrs. Carl Bechdolt, Jr., and infant daughter, left Reno by airplane to enjoy a stay of several days in Oakland with relatives.

Mrs. Carl Bechdolt, Sr., returned home Sunday from Reno.

Prof. and Mrs. Henry Hinkle are visiting at the home of relatives in Berkeley. They are accompanied by their daughter Sue.

James Brown, convicted of burglarizing Tahoe summer homes last Thursday in Auburn, drew a sentence of one year in the county jail. His companions in crime have not been apprehended as yet.

Miss Nancy Sather, daughter of Mr. and Mrs. Art Sather of Auburn, was rushed to the Auburn hospital last Thursday threatened with pneumonia. Miss Sather has been twice confined in recent months with the illness and every care and attention is being expended for her comfort and recovery.

Old timers at Tahoe have been saddened to learn that Mrs. John Dunlap 70, wife of the former engineer on Tahoe's old narrow gauge of early days, passed on at her Folsom home Tuesday of last week. Services were held Thursday. For many years the Dunlaps occupied the building now occupied by the liquor store. They had maintained a dairy at the south end of the lake for many years where they spent their summers.

Monday morning the lake level was 6226.80 with 353 CSF of water leaving the Tahoe gates.

Capt. Hans Hansen of Rubicon Lodge was host at one of his famous dinners on Friday night. Guests included Mr. and Mrs. A. M. Henry, Mr. and Mrs. Rad Kiefer, Mr. and Mrs. Bill Elam and Canton Iverson.

James Ferguson observed his birthday on Wednesday of last week.

January 8th was the dawn of another year for Betty Woodruff. A belated but well meant happy birthday! Lee Garner of Cedar Crest underwent a nasal operation in Reno recently but is up and around now.

Over 150 persons congregated on the Tavern golf links for excellent skiing last Sunday.

So mild has the weather been at Tahoe that pussywillows and bushes are budding with the evident conclusion that spring has sprung.

Mrs. Lief Nielson is back in the Auburn hospital. Mrs. Ed Wagner, a friend and neighbor, drove her down Monday. It will be at least 10 days before she will be permitted to return to Tahoe. Her new baby, less than a month old, is being cared for by Mrs. Greda Henrikson of Lake Forest.

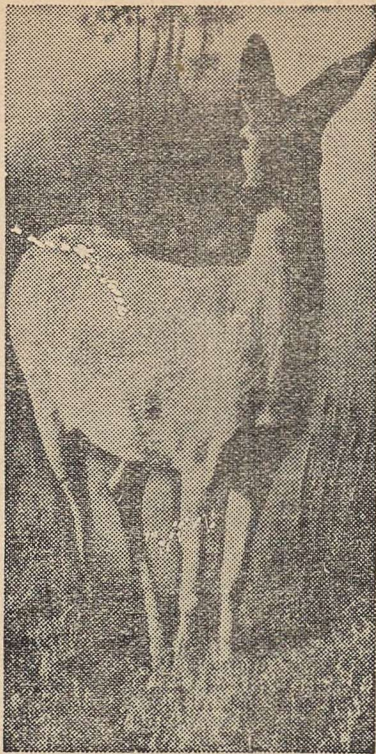

## Senator Harry Byrd Tells Of Plans For Independent Reorganization Proposal

Senator Harry Flood Byrd, Virginia Democrat who fought the administration's Reorganization bill at the last session of Congress, will introduce a reorganization bill of his own in the current session, he announced in a signed article appearing in America's Future.

"It must not set up bureaucracy. It must not impair the ability of Congress to control the disposition of the funds it appropriates. It must leave responsibility and control of the audit with the legislative arm, not with the spending arm of government," he

## SHE'S A PROBLEM LADY

Here she is, a young white-tail doe, the chief source of headache for the conservation departments of a dozen states. Laws prohibiting the killing of does have been in force for a number of years and in many parts of the country, deer have increased until their winter food supply will not support the herd. Tens of thousands of young deer die of starvation every winter in the North. Only by legalizing the hunting of does will the winter forage—mainly white cedar—be preserved and deer continue to thrive in numbers, scientists say. But sportsmen and nature lovers loudly protest when an open season on does is suggested. Pennsylvania opened the season just the same last Fall. It was a matter of grim necessity, the Conservation Department said. Providing food and shelter for wildlife is the first rule of conservation, says the National Wildlife Federation. This principle will be accepted throughout the country during the Second National Wildlife Week, March 19 to 25.

## In Spy Quiz

Mrs. Natasha Gorin, beautiful Russian-born blonde, who was accused in Los Angeles of participating in asserted theft of confidential information from Naval Intelligence Service files with her husband, Mikhail Gorin, who was held on espionage charges. She is 32.

## Rainer National Park Goes Ahead With Snow Sports As Popularity Increases

SAN FRANCISCO, Jan. 19— Winter sports in Mt. Rainer National Park, Wash., are approaching their seasonal peak and attracting some of the largest early season crowds in recent years, the National Park Service, a division of the United States Department of Interior announced this week.

In keeping with growing snow sport popularity, especially skiing, crowds in the park are making extensive use of facilities there, including 17 ski trails emanating from Paradise lodge.

wrote. "It must not set up a machine that in the future could influence the electorate and destroy the freedom of the ballot."

Senators Byrd's article advocates "national financial preparedness as the first line of defense against all attacks, foreign, domestic, social or economic."

## N. L. R. B. Economist Held To Be Advocate Of U. S. As "Workers' Republic"

David J. Saposs, chief economist of the National Labor Relations Board, took part in a movement for the creation of a workers' republic in the United States, S. S. M. Clure, veteran editor and publisher, charged in a recent magazine article.

The founder of McClure's Magazine, who inspired Ida Tarbell's history of Standard Oil and Lincoln Steffens' exposures of graft in American cities, disavowed Dr. Saposs' connection with the Conference for Progressive Labor Action which he said was formed in 1931 to abolish the capitalist system and inspire "the workers to take control of industry and government." McClure declared that Saposs was a member of the National Executive committee of this now defunct militant labor group, and he buttressed his assertions with photostats of documents of the Conference for Progressive Labor Action so listing the NLRB economist.

## SANTA BARBARA NEWS PRESS WINS AWARD FOR EDITORIAL PAGE

SAN FRANCISCO, Jan. 19— The Santa Barbara News Press, member daily of the California Newspaper Publisher's Association, tomorrow will be awarded the California State Chamber of Commerce trophy for the best editorial page for a California daily newspaper during 1938.

The award will be made to former U. S. Senator Tom M. Storke, publisher of the News Press, by Gerald F. Thomas, chairman of the San Joaquin Valley Publicity Committee of the state chamber, at the annual convention of the publishers' association.

## Huge Nugget at World's Fair

A Canadian gold nugget, as large as a man's head and worth \$30,000, will be among the British Columbia exhibits at the World's Fair of the West opening on February 18.

The trails are of varying lengths, ranging from those suitable for novices and for experts. A ski tow is made available by a private operator taking passengers 1300 feet above the starting terminal.

Ash can slides are popular as in the past as well as tobogganning and other forms of snow sports. Hundreds of visitors, not interested in winter sport are arriving to marvel at the white beauty of the park. Open roads are maintained to the lodge where accommodations are available throughout the year. Lodging and meals are also offered at Longmire, where park headquarters are maintained.

## Good Jumps Recorded

### ULLAND MANAGES FIRST MEET OF 1939 SKIING SEASON AT LAKE

TAHOE CITY, Jan. 19— Members of the Lake Tahoe Ski Club gathered at Olympic Hill Canyon Sunday afternoon for an impromptu meet. Snow conditions are perfect there now with six inches of new powder snow covering the hard packed surface, the entire depth ranges around two feet.

Sig Ulland, chief of Tahoe's hill, was in charge of the meet, being assisted by Mr. and Mrs. A. M. Henry, A. M. Anderson, Floyd Carnell and Oscar Quam. Ulland made number of good jumps, his record for the meet being 135 and 125 feet for a total of 260 feet; Walter Mandeville, class A ski jumper, made a total of 232 with separate jumps of 120 and 112; Dave Renner recorded jumps of 112 and 119 for an aggregate of 231. A. M. Henry, Jr., class B, totaled 211 with jumps of 108 and 103; James Easton, a newcomer to class B at Tahoe, totaled 70 feet for the day. Bill Bechdolt, in C class, chalked up 103, Montett Hamilton, another new face for 1939 in C, jumped 33 feet in one jump.

Jimmie Swanson, D class, jumped a total of 59 with Dick Carnell pressing hard with 58 feet, Pete Varni third with 55 feet and Hoard Pyle fourth with 45 feet total. It was the first time any D jumpers had jumped from the C hill. Ulland jumped from the class B hill which he reports in fine shape and available for practice.

James Worden and Carl Bechdolt, Jr., have already departed for a week practice session at Sun Valley preparatory to the coming meet on the 22nd. Kathleen and Jack Starratt Anderson expected to join them yesterday.

On the same week end, Jan. 22, four members of the Lake club plan to compete at the Big Bear tournament. All will be seen at the clubhouse at Big Bear. They are Champion Sig Ulland, Walt Mandeville and Dave Renner in Class A and A. M. Henry,

### Mayfields Visiting In East With Relatives; Purchase New Car in Michigan City

TAHOE CITY, Jan. 19— Mr. and Mrs. N. R. Mayfield are on their way to Gary, Ind., after stopping at Detroit for a new car. They plan to visit with his relatives in the east and then continue south on a leisurely vacation. Saturday Mrs. Mayfield was the honoree at a tea at the Bliss home in town before leaving. Among those present were Mesdames Simmonds, Stevens, Henry, Grover, Anderson and Quam.

Jr., in class B.

On the following week end, the 29th, Ulland will go to Leavenworth, Washington, to defend his championship won in 1938. At the same time a carload of Tahoe skiers will leave for a meet at Mt. Shasta.

Feb. 4 and 5 Ulland will compete at St. Paul for the National Championship and he has high hopes of retaining it. His most dangerous opponent will be Reidar Anderson of Norway, thrice winner of the international championships at Holmenkolmen near Oslo.

### FRIDAY 13th PROVES UNLUCKY FOR WILD FELINE IN TAHOE CITY

TAHOE CITY, Jan. 19— James Ferguson of Sunnyside received a surprise Friday the 13th when he set out to inspect his trap line. In a trap some 200 yards off the highway, near Timberland Tract, he came on a bob cat, with a fore paw in one trap and a hind paw in another. He returned home for his 22 rifle to kill the animal to keep from spoiling the pelt with his 25-20. The animal was very thin and measured about 3 feet long. It has been mounted as a trophy.

### HOTEL RATES, STATIONARY

Hotels of San Francisco have agreed not to increase their prices during the 1939 California World's Fair opening February 18th.

Filipinos of California are raising \$10,000 for their participation in the activities at the 1939 Golden Gate International Exposition.

## Where did you ever get ... by waiting?

It may be, of course, that you haven't tried this Buick beauty.

It may be you haven't eased it the gas, and felt it settle down, all staunch and steady and solid beneath you, to the joyfully accepted task of speeding your going!

It may be you haven't looked out through these wider windows—haven't known the feathered comfort of soft, Buick Coil Springing—haven't felt the blessed security of handling that's sure, even when streets are slick!

But the very look of this Buick traveler ought to tell you—it's too good to wait for!

Not to have it now is to miss a lot of fun that this great and able Dynaflex eight can bring you. You're missing miles of pleasurable comfort—and skid-dodging safety as well.

You lose something by waiting, too, in the trade-in value of your present car—which is obviously worth less with each week's added mileage.

This up-and-at-'em performer doesn't wait when you want it to go—so, why should you wait to get it going?

Prices are lower than a year ago, lower than you'd expect, lower even than on some sixes. And the bills you may dodge by buying now may even cover a payment or two!

No—waiting won't get you anywhere, sir—but sure as value is value, this great Buick will!

TUNE IN! Hear Clam McCarthy's blow-by-blow description of the Joe Louis-John Henry Lewis Championship Fight! Watch papers for time and listen in with Buick's compliments.  
ALL NBC STATIONS!

## POLITICAL POTPOURRI

by TOM JEFFERSON

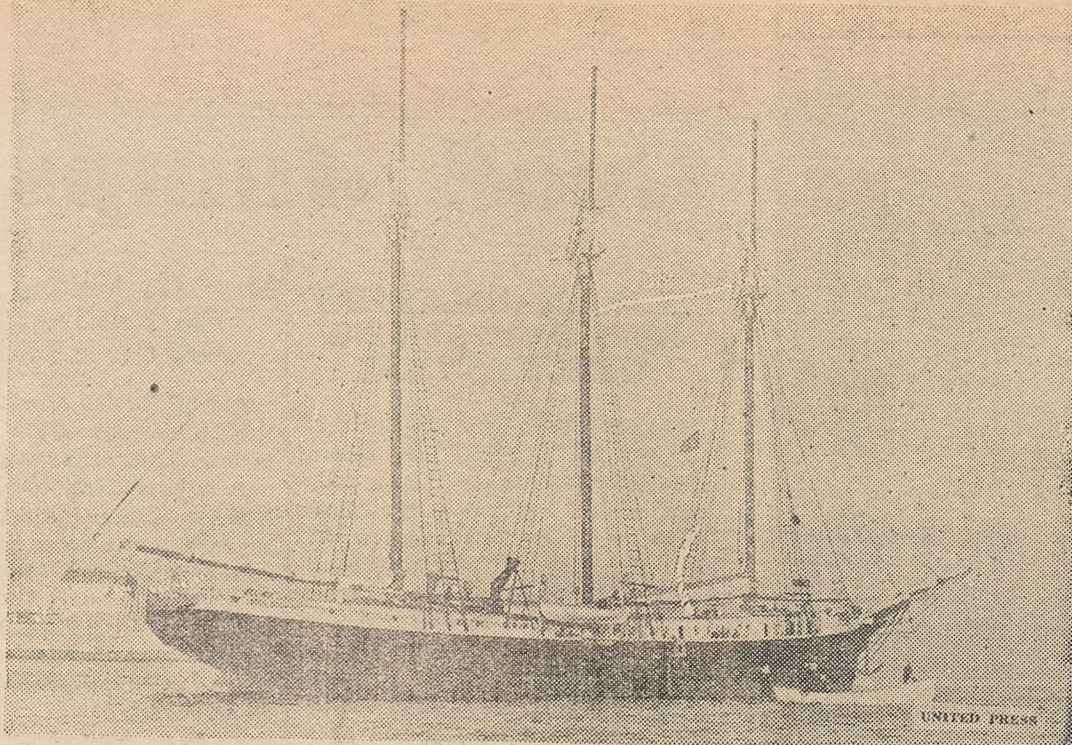

Those who went to newsreel of the Mooney pardon hearing are still wondering what happened. The affair was purely invitational, the state's leading parlor pinks and petty agitators were present to bat the case off any dissenters and no dissenters were admitted. When the governor spoke he asked if anyone in this gathering had any objections to the pardon and then, after deliberation to be timed with a hair sprung stop watch, the governor set the multi-convinced bomber to join in San Francisco's labor war.

'Twould appear that rabble rouser Rep. Martin Dies, chairman of the committee investigating an American activities, is on the well known spot. All his red baiting, mostly by hand picked witnesses on unsupported testimony, is up before the congress and a new appropriation is needed to carry on. If the investigation is permitted to continue we sincerely hope that Mr. Dies will be removed as chairman and that it will no longer operate in the fashion of a Gilbert and Sullivan comic opera but as such a committee should operate. There is enough un-democratic activity in this country without digging up ridiculous charges to aid starving press agents. The need for the committee is apparent, the need for Mr. Dies is questionable.

An underhanded attempt to take away veterans' tax exemptions by a band of red eared post war baby legislators has come to our attention. Twenty one years ago millions of the pride of the nation went to fight a fight they didn't beg. They were underpaid and underfed, they had no bedfellows vicious ticks and undernourished rats. Day in and day out they were subjected to nerve wracking gun fire, drill and worry, all of which is unnatural to free born men. They came home and found it impossible to get or hold jobs. Some found their ways to hospitals premature graves hospitals and insane wards. True, some rehabilitated themselves but the most precious years of their lives had been stolen by the machine that sought to perpetrate the Democratic administration upon the people. Today legislators, gurgling just as senselessly as they did then, are seeking to cut hard earned privileges of the veterans. We are confident that the trust of the veteran in the people has not been misplaced.

Nevada woke up last week with two innovations in its legislature that weren't there last session. One is the novelty of an Indian who truly represents his race as an intelligent, capable legislator, Dewey Sarapson of Washoe County. The other is a woman assemblyman (silly, isn't it) of Churchill county, Luella Drumm. It is hoped that assemblyman Drumm's

## 'Hell Ship' Windjammer in Mutiny Pre

The three-masted windjammer Mitha Nelson, chartered by Marino Bello, stepfather of the late Jean Harlow, for a Corcoran Island treasure hunting expedition, which was called by crew members charged with mutiny a "Hell Ship," during a Federal Grand Jury investigation at Los Angeles. The three-month cruise was the scene of adventures such as Captain Kidd might have boasted, crew members intimated.

### Young Roosevelt Sees Texan In Father's Position In Near Future

FORT WORTH, Tex., Jan. 19—(UP)—Elliot Roosevelt, whose father Franklin D. Roosevelt, may be a third term candidate for the presidency, Monday night told a radio audience that the time will come soon for a Texan to be elected president of the United States. Young Roosevelt is a guest at the White House and the speech was a transcription. Vice President John N. Garner, who might be a presidential candidate, and Jesse H. Jones of Houston, chairman of the Reconstruction Finance Corporation, were mentioned prominently by young Roosevelt in his review of outstanding Texans. He did not mention the year a Texan would be elected and he did not make any special nominations of his own.

### JERSEY GOVERNOR FACES G. O. P. CONTROL OF STATE LEGISLATURE; TAX ISSUE

TRENTON, N. J., Jan. 19—The friendly hand of cooperation was extended to the Republican controlled 1939 Legislature by Gov. A. Harry Moore, Democrat, this week after having dumped the responsibility for finding a solution of the problem of financing unemployment relief in the lap of the lawmakers.

The Governor at the same time let it be known that he preferred a bond presence in the assembly will keep the lower house a little freer of cigarette smoke that has featured previous sessions of the Silver State Legislature

### Cash Gone

Walter A. Barr, former Clallam County treasurer at Port Angeles, Wash., who was questioned by police in connection with the disappearance of over \$50,000 in cash and negotiable securities from the supposedly "burglar-proof" safe in the Courthouse.

issue to new taxes and denied reports that he intended to call a conference soon of Democrats and Republicans from both houses. He held that, first the lawmakers should have an opportunity to receive and study recommendations that will be made by the Commission set up last year to study the situation. The report of the

### Clerk Bathed In Champagne When Broderick Won Senatorship

As we can see by the papers, California politics still manage to be fairly lively. But today's enthusiasm can't approach the political frenzy of 82 years ago. To quote from Almanac for 39ers, latest publication of the FWP of north California: 'A customs house official was so elated over the election of David C. Broderick as U. S. Senator in January 1857 that he took a bath in champagne.'

The world's tallest tree, a 364 foot California Redwood from Humboldt county, will be shown in the Redwood Empire Building at the 1939 World's Fair of the West.

group is expected to recommend emergency taxes to care for the present need.

The Governor's message to the legislature indicated stiff opposition to any new taxes. Instead he proposes a \$12,000,000 bond issue to be paid off by gas and liquor license money.

### PORTLAND EDITOR SEES CLARK, TAFT AS THE '40 PRESIDENTIAL TIMBER

by E. HOFER  
(Portland Editor and Economist)

The appointment of Felix Frankfurter to the Supreme Court was received with almost unanimous approval. In conservative circles, the feeling seems to be that you can thoroughly disagree with many or all of Dr. Frankfurter's social and economic theories—but that there can be no question of his ability, experience and integrity. He is thus regarded as a fit successor to the late great Justice Benjamin Cardozo.

The appointment of Harry Hopkins to the Commerce Secretaryship and of Frank Murphy to the Attorney Generalship fall into a very different category. Both men have been the centers of violent political typhoons. Both have their legions of embattled supporters and opponents. Both have been long identified with partisan politics. It was thus to be expected that there would be strong opposition to their being named in the Cabinet. It was also to be expected that seasoned political observers saw in these appointments, a political move of potentially great importance.

These observers have come to the view that the President is tending to believe that if he sought a third-term nomination it would disrupt the party, and make a Republican victory in 1940 inevitable. Therefore, it is reasoned, he is preparing to force upon the next Democratic convention a candidate of his own choice. And Hopkins and Murphy, so the story goes, are the men he has his eyes upon. From the New Deal point of view their records are 100 per cent perfect. They thoroughly share the President's philosophy of government. And they are energetic and ambitious.

So far so good. But there is a very strong wing of the Democratic party led by the Southerners, who are openly working to prevent New Deal domination of the next convention. They want the party to take a vigorous swing to the right. And to them, Hopkins and Murphy are anathema. They would like some man such as Secretary Hull to lead them in 1940—but his advancing age is a bad factor. They admire Governor Lehman of New York, whom even the Republi-

### RULES COMMITTEE TO HAVE OPEN HEARING ON OLSON COMMISSION NOMINATIONS

SACRAMENTO, Jan. 19—The question, "Just how many appointments does Governor Olson owe to labor?" was being asked at the state capitol this week as the senate's Republican controlled committee on rules called a public hearing on the appointment of labor men to the San Francisco harbor commission.

The hearing, announced Senator J. L. Seawell, committee chairman and Republican floor leader, will be held at 8 p.m. next Tuesday in the Senate chamber.

cons concede to be a first rate statesman—but the fact that he is Jewish, in the view of smoe, would make his selection inadvisable. Furthermore, they feel that the candidate should come from the great farm belt, which holds the balance of power in any election.

As a result, seasoned political experts are saying that when the time comes, the candidate who will go to the convention with the strongest backing is likely to be Bennett Champ Clark of Missouri, son of the late Champ Clark, the famous speaker of the House. He is young and an excellent orator. His views appeal to such Democratic conservatives as Mr. Garner, and his senate record is one of independence. At the same time, he has not actively fought the New Deal in most matters, so his choice would not be a slap at Mr. Roosevelt.

The Republicans are also casting around for a candidate. And here again, many think, the man is likely to come from the Senate, in the form of Robert Taft of Ohio, son of the late President and Chief Justice. Last election he decisively defeated New Del backed Senator Bulkeley. His brief political career has been distinguished. He has no unfortunate past connections. And he comes from a key state.

So keep your eyes on these men. The build up has been started. And there's a good chance you will be voting for one of them for President at the end of next year.

## STATE HOST BUILDING NEARS COMPLETION!

Rushing construction plans to speedy completion the California State Commission today announces that progress on the State host building on Treasure Island is exceedingly satisfactory. The above photograph—taken the first week in January—shows artists busily engaged on an elaborate mural, 50 feet in height and 300 feet in length. Covering an area equal to that of an average city block this attractive and spacious structure will provide all facilities for gracious entertaining, in keeping with California's traditional hospitality. Picturesque terraces overlook graceful landscaping. The height of a 5 story building, California's own building will comfortably house commodious exhibit halls which will impressively display the State's natural resources. Exhibits are now being installed, to be in readiness for opening day—February 18th!

## Yankee Star Boosts Bay Fair

Frank Crosetti, New York Yankee baseball star, and his bride discard their Michigan auto license plates and put on 1939 California plates which boost the Golden Gate International Exposition in San Francisco.

## Many Free Exhibits Are Planned For Exposition On Treasure Island

SAN FRANCISCO, Jan. 19 Special—There will be more free shows per square foot on Treasure Island than at any world's fair in history.

Once inside the admission gates, a thousand shows in the Big Show will be available to you—and 75 per cent of them will cost nothing, according to Leland Cutler, president of the Golden Gate International Exposition.

It won't cost you a cent to watch the undulating dances of the maidens of Bali, to smell the perfume of Hawaiian flowers, to wander through a South American coffee plantation, to see a Japanese feudal castle.

You can see—gratis—American Indians holding the mightiest powwow ever assembled, and watch them working at their ancient crafts. You can see crude oil refined, a model home fashioned from steel, a flourishing farm where crops are grown in chemicals instead of soil, garbage being converted into fabrics, dyes and ex-

plosives.

You can listen to the world's finest band concerts, just by sitting down on a public bench, see marine parades, fireworks and folk pageants of all nations. Symphony concerts in the Federal auditorium will also be free.

It will cost you nothing to see air frozen hard as nails, the insides of a robot woman, and, by pressing a button (no charge) you can learn what your children will look like.

You drop into General Electric's House of Magic for a half-hour show of electrical wizardry that would make Aladdin's lamp look like small potatoes.

You can see the mighty transoceanic Clipper Ships in action, landing or taking off on routine schedule—or watch the Clippers being serviced.

You can see all the advance fashions from Paris and New York, observe plastic surgery or descend into a typical mine without a lantern, rub a typical mine without a lantern, rub a typical mine without a lantern, rub a typical mine without a lantern.

You can take a free 'world cruise'

SPECIAL STAMP WILL  
BE ISSUED FOR FAIR

SAN FRANCISCO, Jan. 19— Opening of the Golden Gate International Exposition on February 18th will provide another stamp collectors highlight, for special cancellations, a commemorative stamp and first day covers will mark first day mailings from the World's Fair postoffice on Treasure Island.

First day covers bearing the official cachet of the Golden Gate International Exposition will be issued by H. S. Crocker Co., Inc., special printers for the exposition. These will be lithographed in four colors on high quality bond.

Usual rates of 15 cents for single and 25 cents for blocks will prevail. Orders should be sent to H. S. Crocker Co., Inc., Dept. C, 720 Mission Street, San Francisco, California.

Two Bills Effecting Public  
Utilities Introduced In  
New State Legislature

SACRAMENTO, Jan. 19 —(UP)—Two bills affecting public utilities have been introduced in the State Assembly by Sam E. Yorty, Los Angeles Democrat.

One would prohibit public utility corporations from expending money either for or against any candidate or for or against any proposition presented to the people.

Another bill, actually an alternate proposal, does not prohibit such expenditures altogether but provides that such expenditure shall not be included in the rates, with the exception of any expenditures for or against candidates which are prohibited by this bill also.

### DAUGHTER ARRIVES

A daughter was born in Grass Valley recently to Mr. and Mrs. J. E. Murray. He is the son of Mr. and Mrs. E. C. Murray and all are former Hobart Mills residents.

### To Vacation—

Mr. and Mrs. William Englehart, Jr., plan to leave for Oakland tomorrow where they will spend a short time before leaving for Pasadena and Los Angeles for a vacation.

### P-T. A. To Meet—

A regular meeting of the Truckee Union Parent Teachers will be held in the Truckee High School at two p.m. tomorrow. There will be a guest speaker and a science class demonstration.

### Are You Going—

to the next Chamber of Commerce luncheon at noon at the Truckee Coffee Shop Monday the 23rd?

### Meeting Night Changed—

The Truckee lodge of the IOOF has changed their regular meeting night from Saturday to the first, third and fourth Tuesdays of each month. So as not to necessitate a change in the by laws it will officially be an adjourned meeting.

### Local Visitors—

Mr. and Mrs. E. C. Murray visited friends at Hobart Mills and Truckee one day last week from Grass Valley where they are visiting with their son and family for a few weeks.

### Here On Saturday—

William Stelzner of Graeagle was a Truckee visitor Saturday. He is a former resident of Hobart Mills.

### Sunday School Conference—

Rev. G. J. E. Keetch this week announced that there will be a meeting of the officers and teachers of the Community Church Sunday School at the parsonage tomorrow night for a workers' conference at 7.

### CELEBRATE ANNIVERSARY

Mr. and Mrs. A. J. Anderholden are to be congratulated on their recent 32nd wedding anniversary. They observed the occasion by entertaining several friends at a card party.

### Calpine Guests—

Mr. and Mrs. George Seymour of Brockway spent the weekend at Calpine as the guests of Mr. and Mrs. Jess Muller and family.

### Olivers On The Move—

Local Friends of the T. K. Olivers of Delleker learned this week that he has accepted the position as resident manager of the California Fruit Growers Association at Susanville, where he will make his home after the first of March.

### From Sparks—

Mr. and Mrs. Albert Canady of Sparks were the guests of Mr. and Mrs. Leroy Wilson last weekend.

### From Grass Valley—

Mr. and Mrs. J. B. Clark and Mr. and Mrs. Karl Weeks of Grass Valley were guests of Mr. and Mrs. Jack Luhrs at Hobart Mills Sunday.

### From Delleker—

Al Koffman of Delleker was a Sunday visitor in Truckee. He is a former resident of Hobart Mills.

### MOVE MILL

Favorable weather conditions have enabled the Davies Johnson Lumber Co. at Calpine to transport 50 truck loads of sawmill equipment to their new location in Calaveras County where they expect to have the mill erected and ready to operate during the coming summer. The box factory will continue to operate at Calpine another season but all families connected with the logging operations and sawmill are preparing to move to the new location during the next few weeks.

Keep Truckee Money In Truckee

## At the State Capitol

## WITH YOUR ASSEMBLYMAN, THURMAN

(by Assemblyman Allen G. Thurman)

Of interest to the voters of the Truckee area is a bill introduced in the Assembly which would do away with highway patrol checking stations. The author of this bill, Assemblyman Sawallisch, endeavored to have the bill adopted as an emergency measure without reference to committee. Those of us who are opposed to the measure were able to block the emergency clause by having the bill sent to committee. This will give us ample time to secure additional facts in opposition to the bill.

Your Assemblyman presented his first bill last week and in doing so made some kind of record inasmuch as it is the first bill introduced by an assemblyman from the Sixth District since the session of 1935. During the 1937 session of the state legislature, our predecessor, Jesse Mayo did not introduce a single bill.

Our first bill, No. 512, is one of minor importance. It is an amendment to the Vehicle Code which will designate cars driven by constables as authorized emergency vehicles allowing the constables the same privileges as the law now allows other police officers.

This week the writer introduced six other bills amending the political code, the code of civil procedure and the penal code in matters pertaining to justices of the peace and constables. One of these bills would allow the payment of the sum of two dollars to jurors who are called upon to serve in a justice court. Personally we see no reason why a business man who is called away from his work to do jury duty should not be paid a nominal fee for the service in a justice court the same he is paid in the superior court.

Another bill your assemblyman introduced this week is one which we believe is of vital interest to the entire district. This bill will repeal the present forest and fire laws which force the owners of acreage in the mountain area to pay a two per cent per acre tax for fire prevention. In amending the present law and repealing a part of it the proposed bill will place the payment of fire protection funds of timberland owners on a voluntary basis. Under the present law the state board of forestry has found it most difficult to collect the small

assessments and at present in Nevada County alone, 145 liens have been served during 1938 and 155 suits were filed in 1937 to collect claims which remained unpaid. We will go into this bill further in our letter next week.

Your assemblyman has been swamped this week with telegrams, letters and resolutions opposing the Kings River Canyon National Park. These letters and resolutions have been received from Nevada County on the north to Inyo county on the south. Rest assured that your representative in the lower house will do all in his power in opposing this proposed national park.

At this time we would like to inform the readers of the Sierra Sun that we would be glad to hear from them at any time relative to matters of importance to the district and their area in particular. You may address me in care of the Assembly Chambers, Sacramento, California.

Senator Jesse Mayo, our predecessor in the lower house, introduced some fine legislation at this session including an amendment to the old age pension law which will allow the pensioner to earn as much as twenty five dollars a month. The law now allows the aged pensioner to earn but fifteen dollars a month.

Your assemblyman attended a public hearing on the Senate Joint Resolution opposing the creation of the Kings River Canyon National Park which was held before the Senate Committee on Monday evening of this week. Senators Mayo and Brown, two of the State Senators in this Assembly district, took active part in supporting the resolution. Senator Seawell of Roseville, who is president pro tempore of the Senate, presided at the hearing. Following the hearing the Senate Committee passed favorably on the resolution and following its passage, it will come before the lower house for consideration. By attending the hearing, we were able to secure much information which will assist us in aiding in the passage of resolution when it reaches the Assembly.

Among those who visited us during the past week from Truckee were Walter Barrett, publisher of the Sun, and C. E. Smith.

### In Colusa—

Dr. and Mrs. J. H. Bernard were recent visitors at the home of their son in law and daughter, Mr. and Mrs. Warren Davison, Jr., of Colusa.
